Appendix 2: Letter to participants outlining the nature of the research
Dear colleague,

I am a secondary school teacher of English attached to the Gwangju Metropolitan Office of Education in Korea, but I am currently on study leave and doing a PhD at the University of Waikato in New Zealand. The research involves an exploration of the teaching and learning English at secondary school level in Korea. The outcome of this research is intended to contribute to debate on attitudes and practices in the area of teaching and learning of English and to be of benefit to teachers and students.

The University of Waikato requires that no research that is conducted should ever represent any potential risk to participating institutions or to the well-being or cultural safety of research participants. Neither the names of research participants, nor the identities of the institutions where they work (where these are available to the researcher), will be made available in any presentations or publications arising out of this research. If you provide your name since you decide to participate in further aspects of this research after completing a questionnaire, it will not be communicated to anyone other than my research supervisors. No participants will be identified in the reporting of the research.

The research findings will be published in the form of a PhD thesis and printed in academic journals. The completed PhD thesis will be openly available to read online. Participants may request a brief summary of the findings completed from the researcher. If you would like any further enquire about this project, please feel free to contact me (email: ko49@waikato.ac.nz), my chief supervisor Dr. Diane Johnson (phone: +64 7 838 4466 ext. 6999 / email: dianej@waikato.ac.nz), or my associate supervisor Dr. Winifred Crombie (phone: +64 7 838 4929 / email: crombie@waikato.ac.nz).

This project has been approved by the Human research ethics Committee of the Faculty of Arts and Social Sciences. Any questions about the ethical conduct of this research project may be sent to the Secretary of the Committee, fass-ethics@waikato.ac.nz, Faculty of Arts and Social Sciences, Te Kura Kete Aronui, University of Waikato, Te Whare Wananga o Waikato, Private Bag 3105, Hamilton 3240.
I would be very grateful if you would complete the attached questionnaire and return it to me using the enclosed prepaid envelope. Thank you for taking the time to read this letter.

With many thanks,

Kyoungja Oh

Appendix 7: Comments provided by respondents in the questionnaire-based survey
Comments relating to English language education policy

Degree of familiarity with the latest national English education policies
(translated from Korean)
Consulted about latest English education policies
- My opinion is not reflected in the documentation.
- When the policies were released, I was not involved in teaching.
Given documents about latest national English education policies
- One copy of the school curriculum for each school.
- A leaflet
- There is too much change: I doubt if education is a plan which spans a hundred years.
- English education policy is published in the media or in formal documents but teachers find it difficult to get relevant information. There is a need to explain these things to teachers directly.
Given documents about latest local / regional English education policies
- I was given it during my teacher training.
Consulted about latest English education policies at your own school
- Because this was my first year of teaching in a new school, I was not consulted about policy. After the first year, I believe that teachers can have a slight impact on policy implementation.

Extent of satisfaction with the latest English education policies
(all except one translated into English from Korean)
- I feel communication between education offices nationwide is lacking. Policies are not being carried out uniformly across the country.
- Educational circumstances depend on each school’s condition. English classrooms are not at English teachers’ disposal.
- I mostly agree with current education policy but more class hours are needed for applying this policy to this school system.
- More professional education is needed through recruiting more teachers.
- Education is being treated as a mere formality with events like 365 assessments, writing an essay and speaking contests.
- Substituting NEAT for the English section of the College Scholastic Aptitude Test seemed to be desirable except for the difficulty of securing graders reliability.
- I’m not quite sure exactly what you are looking for in this question.

Comments relating to methodological approaches

Participants’ methodological preferences (translated from Korean)
- I think a learner-centred approach where students participate in tasks is the most efficient.
- My lessons are largely structural because I focus on patterns for the Scholastic Aptitude Test and my major was Syntax.
- Syntax and grammar may be overlooked when communicative skills are focused on.
- It depends on the level.
- School lessons should be taught using the grammar translation method under the system of the College Scholastic Aptitude Test. We can’t expect anything about English teaching method while the Test exists.

**Comments relating to Areas respondents wished to know more about** (translated from Korean)
- Communication among teachers is more important than study since there is always a gap between reality and ideals.
- I wonder if we need to teach speaking even though we have a native speaking teacher.

**Comments relating to How respondents decided on the content of their courses** (translated from Korean)
- It depends on the level of the students.
Participants’ use of textbook/s
- EBS workbook for 3rd grade students
- EBS workbook for 3rd grade students in a high school
- Students require some preparation of SAT and TEPS for entrance exams.

Extent of satisfaction with the textbook/s
- CD is easy to use since it is well made.
- Not imaginative, very boring. Almost always extra materials are needed.
- Context is not connected well but additional materials are good.

Comments relating to Philosophy of teaching and learning English (translated from Korean)
- Taking lessons seriously is suitable for students who are eager to learn.
- If students’ level is low, they need to have lots of fun and a slow pace in class because their concentration span is short.
- The school curriculum is too tight for students to learn this foreign language easily. Learning cannot be just fun and the curriculum needs to be taught at an appropriate speed.
- Students will be satisfied if they have a feeling of fulfilment.

Comments relating to the introduction of new language, asking them to select from one of two options (translated from Korean)
- I can’t understand why I should choose one of these since I think it is better to teach systematically in a controlled and interesting way.
- Teaching is art and science.

**Added comments (translated from Korean)**

- If every English teacher nationwide could have the same general principles and methodologies to adhere to, I think the nation’s English level as a whole would be stronger.
- There are too many classes each week for teachers to prepare adequately or for him or her to develop their teaching skills. In addition, homeroom teachers are usually over-worked because of all the duties they are required to do in addition to teaching. I believe we can create a happy classroom with positive energy only if teachers are happy. A lot of support is needed to make high quality lessons.
- In cooperative learning, students can participate in lessons by working in teams, playing roles and doing projects.
- A training programme for English teachers should be compulsory every 3 or 4 years.
- English education is a big issue in Korea, but some policies designed by so-called education experts or officials aren’t appropriate in terms of the real circumstances in which we operate. I wish the opinions of teachers in schools could be reflected.
- I think education policy is positive nowadays because teachers are involved in NEAT.
- I wish this questionnaire could have an impact on education policy.

Problems encountered

- I haven’t got any practical classroom management skills or ways of dealing with certain issues in teaching even though I had plenty of teacher training. In addition, I have found many teaching methods not to be in a real classroom situation.
- I need school guidance about using a mixture of Korean in class
- The most difficult thing is students who are not interested to participate in tasks in class.
- In a real class, there are more students who kid around and joke or put their heads on their desks than ones who are eager to participate. I wish training programmes for teachers would deal with this.
- Training programmes should include realistic and practical content that can be applied in class.
- I have tried hard to find and complete good training programmes for teaching English well and in fun ways. Even so, it has always proved difficult to apply the content of these courses in a real situation. I have tried in vain repeatedly. All training programmes are useful in some senses – in that they motivate trainees - but the actual application of what is learned is not easy because students in real classes are not highly motivated and class sizes too big.
- It is difficult for me to review the content of a training programme after it is finished even though I participate in it earnestly. I find my teaching has not improved because I don’t have any follow-up.
- I think training programmes should include material on relating teaching and evaluation - evaluation criteria for speaking and writing and advice on useful materials.
- Most training programmes focus on improving teachers’ own English proficiency instead of practical teaching methods or principles of evaluation design. More opportunities to make up for trainees’ own particular weaknesses should be provided through various kinds of programme.
- More practical training in programmes is needed. We need realistic rather than idealized instruction.

Usually, for the 3rd grade of the high school, many workbooks mainly including an EBS workbook are used in a class instead of a formal textbook. When it comes to the sequence for the high school, English, English I and English II are basically taught, and one or more among Practical English Conversation, Advanced Practical English Conversation, English Reading and Writing or Advanced English Reading and Writing could be included, depending on the school.

1. 학교의 교과서 선정 및 전시 방법

가. 단위학교의 교과서 선정과정

1) 학교별 검.인정도서 선정은 각 교과협의회의 추천과 학교운영위원회 심의 및 자문(필수사항)을 거쳐 학교장이 최종 확정하도록 함

2) 학교에서는 학생의 수준, 지역 및 학교의 여건 등을 고려하여 자체 설정에 알맞은 합리적인 선정 기준과 절차를 마련하여 교과서 선정의 공정성 및 객관성 확보를 위하여 노력함

3) 교과서 선정 관련 불공정행위 방지 방안 및 교과서 관련 규정 등 교과서 선정 관련 학교 내 교직원 자율연수를 실시하여 교과서 선정의 공정성 및 투명성 확보를 위한 역량을 제고함

※ 학교운영위원회에 검.인정도서 선정 부조리 예방 대책 관련 자료를 제공

4) 검.인정도서 선정 과정에서 투명성이 보장되도록 개인별 검.인정도서 선정 기준 평가표, 추천 의견서, 심의 의견서, 회의록 등 제반 관련 자료를
기록. 보관하고, 교과서 선정 기준표, 선정 절차 및 결과를 학교 홈페이지에 공개함

5) 검. 인정도서 선정의 전문성, 공정성 및 객관성을 확보하여 교직원 간 및 교직원과 학교운영위원 간의 불신이 생기지 않도록 함

6) 선정한 교과서를 변경할 필요가 발생한 때에는 학교는 교과서 선정과 동일한 단계별(추천, 심의, 확정) 절차를 준수하여야 함

나. 교과서 전시

1) 전시기간 : 2012. 9. 3 ~ 9. 28

    ※ 전시본 도착일로부터 전시

2) 전시 장소 : 학교 실정에 따라 학교장이 지정함

3) 전시대상 도서 : 검. 인정 심사에 합격하고 다음 학기에 학생들이 사용할 도서

    ※ 전체 317 책(예정) : 중학교 317 책(검정 147 책, 인정 170 책)

4) 전시본 확인

    전시 대상 기관에서는 전시본이 도착하는 즉시 전시 대상 도서목록에 의하여 누락된 도서가 있는지 확인해야 하며, 누락된 도서가 있을 경우에는 발행사 및 (사)한국검정교과서에 연락(물류팀, ☎ 031)8071-1395~6)

5) 유의사항

-358-
전시 장소는 해당 교직원들의 이용이 편리한 장소로 학교장이 지정하고 관계자(교직원, 학교운영위원 등)에게 고지함

전시기간 중 출판사 관계 직원이나 저작자 및 도서판매업자(서적상)의 학교 출입을 일체 통제함

전시본은 도서의 선정이 끝난 후 학교별로 자료실 등에 보관하여 교육 자료로 활용하도록 함

도서를 전시할 때에는 집.인정 승인을 받은 모든 교과서를 빠짐없이 전시하고, 출판사 및 (사)한국검정교과서에서 전시용 도서와 함께 배부된 집필진 해설서, 집.인정심사 결과표, 수정보완 대조표 외의 자료는 전시를 금지함

※ 해당학교 교직원 등을 대상으로 출판사가 주최하는 도서설명회 등을 금지

 일부 교과별 교사 모임 등에서 인터넷이나 기타 수단을 통하여 출판사별 교과서 내용 분석표 등을 인터넷상에 올려 특정 집.인정도서를 간접 홍보함으로써 집.인정도서 선정의 공정성에 유해한 영향을 주는 사례가 발견될 경우 「독점규제 및 공정거래에 관한 법률」에 의거 공정거래위원회에 신고 처리됨

-359-

나. 세부내용

1) 단계: 교과협의회의 추천

가) 검정(인정)도서의 선정 기준표 작성(서식 1)

○ 학생 수준, 지역 및 학교의 여건(동일 교과 및 학년 교사수 등), 교과서 선정 기준 항목(참고 1, 예시)과 검.인정심사 결과표 등을 참고하여 선정기준 평가표 작성

○ 검.인정을 통과한 교과서는 이미 일정 수준을 만족하는 교과서임을 전체할 때, 교사들은 교과협의회를 통해 교과서 평가기준 항목으로부터 각급 학교의 실정에 맞맞은 항목을 추출하여학교단위의 선정 기준표를 새롭게 작성하도록 함

※ 선정 매뉴얼에서는 표준 선정기준을 제시하지 않고,학교의 여건 및 특성에 맞게, 아래 평가기준 항목(예시,참고 1)을 참고(추가 항목 삽입 및 삭제 가능)하여, 학교에서 직접 조합하여 작성

나) 선정 기준 항목별 점수 및 평가 방법 결정

○ 교과. 학년별 협의회를 통해 선정기준 항목별 점수 결정
교과서 심사 방법(단원별 심사, 평가기준별 심사 등)

I’m in a healed existential discussion with this deadeye plastic desk toy.

Just think about it. We have it all. Yet we have nothing. It’s just too easy now.

I’m sorry. You’ve lost me, sir.

I mean, we did it, right.

Uh, well, you did it, sir. Yes, you made that perfectly clear.

Then, why do I feel so melancholy?

Melancholy?

Unhappy?

Oh, what if tomorrow, we could go kidnap Roxanne Ritchie? That always seems to lift your spirits.
Now, what was his job?

What’s the meaning of “Are you with me?”

What happens to Soohyun?

How is his facial expression?

의사였어 [A doctor.]

Do you know?

무슨 힌트있니 [What happens to Soohyun]가 알겠니 라는 말을 어떻게 영어로 표현했을까? 알겠니. [He was a doctor, and, one of the doctor, how did the doctor express ‘al genni’ in English? Al genni.]

Do you know?

T: 응. 주영이만 들었어? 다시 한번 와봐라. 알겠니 라는 말이 영어로 와봐라. [Yes, Did only Jooyoung hear? Let’s watch it, once more. See what the expression of ‘al genni’ is in English.]

T: 응, 들었어? 자. 내 말 이해하겠나 이질 영어로 어떻게 해? ‘Are you with me?’ [Yes, Did you hear that? Now, how can you express ‘Do you understand what I said’ in English? ‘Are you with me?’] 자 학생 어디서 보나면요.

Ss: [Now, let’s move on to your books page…] Open your books to 136. 몇쪽일까요? 136쪽. [What page were you in? p. 136] Well, look at A. 자. 에이 한번 와봐요, 에이? [Now, we’re going to look at A, A.]

T: [Some problems in managing the audio file.] 

T: [Still problems in playing the file]

T: [playing video clip again] 

T: 응, 들었어? 자, 내 말 이해하겠나 이질 영어로 어떻게 해? ‘Are you with me?’ [Yes, Did you hear that? Now, how can you express ‘Do you understand what I said’ in English? ‘Are you with me?’] 자 학생 어디서 보나면요.

T: [Now, we’re going to look at A, A.]

T: 아, 왜 이렇게? [Uh, what’s the problem?] Now, look at A. 자 에이 한번 와봐요, 에이. [Now, look at A.] Right now, in A 에이에서 방금 [Just before in A] Can you find the expression, “Are you with me”? Are you with me 워야? [What’s the meaning of ‘are you with me’?] Now, A.

T: [Still problems in playing the file]

T: [playing video clip again] 

T: 라스엠투 너무 많이 듣는다. [We’re listening ‘Listen and talk 2’ too much.] 수험이 왜 그래? [What happens to Soohyun] 자. 문제가 왜이죠. [Well, we have a question here.] Can you find the student who isn’t saying the right things? right의 뜻이 뭐야? [What does it mean by ‘right’?] Right! Right. 올은이지, 올은 [It means right, right.] 자 올은 일을 하지 않은 학생을 찾아봅시다, 그리고 얘기했죠. [Now, it said, ‘Find someone who isn’t saying the right thing.’] 자. [Now] Teacher said something. 학생들 얘기했는데 [A teacher said something.] 자. [Now] Look at the student’s facial expression. 얼굴 표정을 한번 외부바 [Shall we look at the facial expression?] 어때요? 얼굴표정이 어때요? [How is it? What’s his facial expression?] 어 [Yes] Maybe they don’t understand what he’s saying. 워라고 얘기했는지를 못 알아듣는 거 같애. [They don’t seem to understand what he’s saying.] 자, 첫번째 편, 몸이 워라고 얘기했어요? [Now, first, Paul. What did Paul say?] Are you with me?

T: [Repeat after the CD rom. 한번 따라읽어요. 시작] [Repeat after it, (Students repeating after it.)]

T: ‘are you with me’.

T: [It was ‘are you with me’]. Now, listen the second. Minho says] Can you say that again please? 시작 [Go]

T: Can you say that again please?
T: 어 다시 한번 말해주시겠습니까. 그 다음 제인이.
[Yes, can you say that again please, then, Jane said] I’m sorry. 시작 [Go] I’m sorry. I’m sorry 가 여기서 미안하다는 뜻입니까? [Does ‘I’m sorry’ mean ‘feel sorry’ here?]

Ss: 죄송하지만 한번 더. [Sorry but can you say that again please?]

T: 어, 죄송하지만 한번더 얘기해주시겠습니까라고 했어요. [Yes, he said, ‘I’m sorry but could you tell me once more?’] 자, [Now] Who isn’t saying the right thing? 누가 잘못 얘기한 사람일까? [Who isn’t saying the right thing?]

Ss: Paul.

T: 폴이겠지, 폴. [It must be Paul, Paul.] 그래서 답은 폴. 폴에다 체크하면 되겠지. [So, the answer is Paul. You should tick at Paul for the answer.] 자, are you with me 때문에 폴이 맞을까? [Sure, what can you write on the section above Paul?]

Ss: You”ve lost me.

T: 그럴지, 줄 위에다가 뭐라고 적으면 될까요? [Sure, what can you write on the section above Paul?] You’ve lost me.

S: 다 적었어요. [We’re done.]

T: You’ve lost me 라고 적으면 되겠지요? 무슨말인지 이해가 안갑니다. [You can write ‘You’ve lost me.’. I don’t understand what you mean.] Are you with me 아유위드미는 맞겠지요? [‘Are you with me’ for ‘are you with me?’]

10:45 T: Now Look at B. 비 한번 봐볼게요, 비. [We’re going to look at B.] 저, 비를 보니가 [Now, when you see B] there are three question. 문제가 세 개가 있는데 첫번째 [We have three questions there, the first one] First, what is each girl talking about? 무슨 돼일까요? [What does it mean?]

So try and think of as many of those as you can in about a minute and a half we’ll give you and whoever has the most answers at the end will get the point, okay? So just someone there has some pictures as well to give you a little hint. Just try and think of as many as you can in about a minute, okay?</td>

Right, I’m just gonna go over these real quickly. So, the first, the first one is ‘ball’. You can make ‘basketball’ and ‘ballroom’. You might not be familiar with ‘ballroom’. But the ‘basketball’, the sport. Um, ‘suit’ is the answer to ‘swimsuit’ and ‘suitcase’. Three is ‘light’. ‘Stoplight’ and ‘lighthouse’.</td>

And ‘step’, ‘Footstep’ and ‘stepmother’. So yeah, six. It looks like that makes you the winner. The winner is six. Nice job. So you guys get the points.</td>

NS: Oh, very sad.
NS: Why not?
Mr D: I’m very busy.
NS: All right, next.
NS: Who is this?
KT: Ready, go.
Ss: Will you see a movie this weekend?
Mr D: I will see a movie this weekend.
Ss: What movie?
Mr D: ‘In Time’
Ss: Oh.
KT: Which group was it?
NS: This group?
KT: Ready, go.
Ss: Will you call us again on the phone?
Mr D: Could you repeat that?
NS: Will you call us again on the phone? It’s what they’re saying.
Mr D: I will call you again on the phone, if James asks.
KT: Okay, and this question. Which group? Ready, go.
Ss: Will you watch TV before you go to bed?
Mr D: I will watch TV before I go to bed.
NS: Right, last one.
Ss: Will you have dinner with your girlfriend tonight?
Mr D: I will have dinner with my girlfriend before I see a movie this weekend.
NS: Oh, okay. So before he sees the movie, they’ll have dinner. Before the movie.
Right. Well, thank you very much, Mr Davis. So good bye.
Mr D: You’re welcome, James.
Ss: Bye.
10:29
NS: All right, so.
KT: Okay, so today we will learn talking on the phone and also talking about the future.
So let’s read the learning aim.
NS: All right, so these are the learning aims today. I’m gonna read them and then you repeat them, okay? So, we will be able to ask and talk about the future and plans using ‘will’ and ‘will not’. So let’s say that, right now.
Ss: We will be able to ask and talk about the future and plans using ‘will’ and ‘will not’.
NS: And we will be able to practice greeting friends on the phone.
Ss: We will be able to practice greeting friends on the phone.
NS: So, what were some of the things you heard me use to talk on the phone like how did I greet Mr Davis? What did I say to greet Mr Davis? How did I say? I said ‘hello’. What did I say?
S: This is James.
NS: Right, right. ‘This is James speaking’, I said.
KT: Do you want to call to Mr Davis? So what can you say?
NS: What would you say? What did I say? Did anyone hear that at the beginning?
S: How are you?
NS: How are you? Yeah, that’s true.
Hello, hi.

And how did we ask about – don’t worry, we’ll go over that. We’re just brainstorming.

Um, and how did I ask about the future? What did I use? What word?

‘Will you’, right. And he answered ‘I will’ or ‘I will not’, right? So for talking on the phone, um, just as an example, you guys will be Bella for a moment. You guys act as Bella. So Bella is calling Jacob. And this is how I greeted Mr Davis. I said, ‘Hello, may I please speak to Jacob? Or Mr Davis?’ So let’s say that. Since you’re Bella, let’s say that together.

Hello, may I please speak to Jacob?

And then of course you continue the conversation, like maybe you about future plan like we did. Like ‘Will you go to the movie this weekend?’ or ‘Will you go to the movies with me?’ Just like we did with Mr Davis. You guys ask the questions.

Um... And how did I ask about the future? What did I use? What word?

Will you

And then of course you continue the conversation, like maybe you about future plan like we did. Like ‘Will you go to the movie this weekend?’ or ‘Will you go to the movies with me?’ Just like we did with Mr Davis. You guys ask the questions. So, ‘I, you or he or she will’ is used to talk about the future and plans, the things you’ll definitely do. You’re going to do for sure. So let’s do some examples real quick. So, ‘will James celebrate his birthday in November?’ I will celebrate my birthday in November, is the answer. Will you go trick or treating this weekend? I will not go trick or treating this weekend. I’m too old. So let’s try a couple for you. Who will Bella marry?

Edward.

All right. How can you say it in a ‘will’ sentence?

She will marry Edward.
Right, exactly. She will, Bella will marry Edward, or she will marry Edward. Does anyone think Jacob? No? All right, but you could say Bella will marry Jacob. Uh, Where will you go for vacation? Maybe this winter vacation. Where will you go?

NS: Seoul.

S: Seoul. So how can you say that?

NS: I will go to Seoul.

S: Right. And I said, ‘I will go to Jeju for vacation.’

(Looking at the monitor.) This looks tough. ‘Will James eat blue cheese at dinner?’

Will I eat blue cheese? What do you think? Face like that.

S: No.

NS: Really good. Yes. James will not eat blue cheese. Look, it’s gross. All right, so.

15:00

KT: And we have another activity. Um, for now on we are going to divide the class into two groups. So, one, two, three, you are group one, and one, two, three, you are group two. And then a volunteer from each group come up here and then stand in front of the TV. And we’ll show you a sentence of using ‘I will’, ‘I will’ sentence. Then you can guess. And the rest of your members will explain you what the sentence is, okay?

NS: All right. So, your team will try to get the person of here to say the sentence on the screen. So, as you try it, you guys will get the hang of it really fast. And I think we played before. So, who would like to play team one? Volunteer of team one? All right. Very brave. Thank you.

KT: Make sure you use only English. Okay?

NS: Only English and make sure not to use…Uhh, you stand up in front of TV? All right. So, easy one to start. Easy one to start.

S: 다 보이는데요. [She could see that.]

NS: All right. So, you can use any of these words, right? You can use these words to get her to say the sentence. Ready? I’ll time you. You got a minute. So, ready? Set. Go.

S: You will go somewhere by bike. I will ride a bicycle.

NS: Ah. Okay. All right. Funny time. All right.

KT: Any volunteer from team two?

NS: Team two. I know you’re going to be brave.

(A student is hesitating to come to the front.)

NS: Okay. You’ll be good.

KT: I can help.

NS: Okay. We’ll help you.

KT: Ready?

NS: Ready? Go. So you just use whenever English you can ever say that.

S: Your birthday. Eat.

S in front: I will eat.

S: Not eat. Made it. Oven.

S in front: You’ll make it in the oven. I will make a cake.

S: 뭐가겠니? [Which cake?]

NS: Oh yes. Full sentence.

</table>
Yeah, new continent or new country. All right. Nice job. It was hard. Very hard.

Naturally this time we’ll count time. So,

Yeah, this is the time.

This is a hard one. Any volunteer from team 2?

(Showing a sentence only to a student)

I will go to

Another world going.

I walk. Moon? I will walk to the moon. Okay? I will walk.

Moon. Universe. Same word.

All the words. All the words. I will walk, moon, what before will.

I will walk on the moon.

Yeah, I will walk on moon. There’s all we….sorry sorry. Team 2 gets the point. Again. Nice job. Nice job.

This time, we are going to use this envelope again. And you can see these coloured worksheets, please. Take out these sheets of paper which is the sentence. What you’re going to do is you’re going to put the sentence in the correct order, okay?

Yeah, so the first team, they can say done, you get the points and there is a little surprise after you get it all sorted out. So go ahead and start and put it in a correct order and then afterwards you’ll see what the secret all the list is in its order.

So, what’s you have in all sorted out? All in order.

You can see the number of the feet of people, right? If you’ll put in the correct order, you can see the numbers in order. And you can call using your cell phone, call to this number and you can ring this cell phone, okay?

You got it. You got it. You got to call it. Oh, we’ve got a phone call.

You can practice English while you wait.

Hello.

Hello, may I speak to Mr James?

This is James speaking.

Hello, James. How are you?

I’m doing great. How are you?

I’m tired. I want to leave class early.

I’m sorry. But you must stay in class until the bell rings.

When will the bell ring?

The bell will ring in ten minutes.

Okay. I will for the bell.

Let’s practice English while you wait.

Okay. I will practice English.

Hmm. Will you see movie this weekend?

(Students are murmuring.)

So will you see the movie this weekend? You can say yes or…

Yes. No. yes.
How would you say. We will say.

We will watch movie this weekend. Wow. Nice job. Okay. I will phone you later. Bye.

You are also ready? Well, this team won the point when you want to go over and altogether just say the conversation together. Getting call one more time. All right. So let’s go over the conversation altogether, okay? So all of you pretend you’re calling me and we will go so. I answer the phone. Hello. And you can all say. You can all say out. So everyone together.

Hello. May I speak to Mr. James?

This is James speaking.

Hello, James. How are you?

I’m doing great. How are you?

I’m tired. I want to leave class early.

I’m sorry. But you must stay in class until the bell rings.

When will the bell ring?

The bell will ring in ten minutes.

Okay. I will for the bell.

Let’s practice English while you wait.

Okay. I will practice English.

Will you visit Yejoo this weekend?

No. I will not.

Right. No, I will not. Wow, nice job. Okay. I will talk to you later. Good bye.

Good bye.

Very nice job.

All right. So, this team gets the point and very nice job talking about the future. So the last thing in your packets in the uh, in your envelopes. You still have envelopes? Ah, there is a small sheet for the little test for interview, the little review for interview. So you can get that out work on that real quick. Yeah, one for each person. So just get that out, pass it out and work out every work quickly. And then we will go over when you’re finished. If you have any question, just raise your hand and I’ll come over and help.

(Students are opening the envelopes.)

I knew you like, I knew you like Leonardo.

(Students working in group, using Korean between them at the group working)

Another minute or two, another minute or two and I will go over it together.

(Teachers are monitoring.)

Any questions? No? Good? Any questions? Good?

All right. Everyone ready to go over this?

Yes.

All right. So just raise your hands and then we’ll uh we’ll repeat it later, I guess, okay? So, for the first blank, hello, what is the blank, what do you think? Yeah, what is it?

May I speak with Kim Jaejoong?
NS: Yeah, may I speak with Kim Jaejoong? Right. All right. So, this is Kim 
Jaejoong. Ah, yep.
S: Speaking.
NS: Speaking, right. Kim Jaejoong speaking. Ah, hi Joojoo. What does it say?
Yeah.
S: Hi, Joojoo. This is Leo.
NS: Right. This is Leo. Ah, how are you? This is I’m fine. How are you? All right. I’m hungry.
S: Will you
NS: Yeah, will you. So will you ask about the future? And he says, yes. So, But 
first, what does he ask you?
Ss: But first I must practice my new song.
NS: All right. Then he says, I will see you then. Good bye. And good bye. So I 
want to just, so let’s just do this dialogue together. I’ll be… Who do you 
guys want to be? Kim Jaejoong or Leo…?
S: Hero.
NS: You want to be hero? All right. I’ll be Leo. All right. Hello. May I speak 
with Kim Jaejoong?
Ss: This is Kim Jaejoong speaking.
NS: Hi, Jaejoong. This is Leo. How are you?
Ss: I’m fine. How are you?
NS: I’m hungry. Will you get some food with me?
Ss: Yes, I will make…. But first I must practice my new song.
NS: Okay. I will see you at the restaurant then. Good bye.
Ss: Good bye.
NS: All right. Very nice.

39:37
KT: Okay. So, we have a homework for the next lesson. Your activity book 185. 
Your blue book. And also for your homework, try calling a friend on the 
phone in English. So, now you can do that, right? Talking on the phone.
NS: So, call all friends in English. Maybe call Mr Davis. Again. See, uh, see 
what he says on the... on the phone.
KT: Or call to James teacher.
NS: Right. Or give me a call. I’ll say, Hello. What will you do this weekend? All 
right. So, does anyone have any questions? Any questions about the day? 
Any questions you’d like to go over? What, ah, so now that we’ve got over 
what will you do this weekend?
KT: Now you can answer.
NS: Now you guys know how to answer that. What will you do this weekend?
S: I will go....
NS: To where?
S: ......
KT: Go to the academy.
NS: Oh, very sad. So, she will go to the academy. Anyone else? Anyone doing 
something exciting? Yeah?
S: I will go to Hampyung.
NS: What was it?
S: Hampyung.
KT: Why will you go there?
S: My parents....
NS: Yes, you had something? (To another student)
| 447 | S: | I will go to church. |
| 448 | NS: | So you will go to church? Okay, very nice. Yeah. |
| 449 | S: | I will go to Haenam. |
| 450 | NS: | Haenam? Why? |
| 451 | S: | Play. |
| 452 | NS: | See a play. Oh okay, very cool. What play? |
| 453 | KT: | You haven’t decide? |

| 462 | NS: | Yes. Sure. |
| 463 | S: | I will read a book. |
| 464 | NS: | Read a book. Yeah. Relax. Good idea. So and then I also asked why. So why and because will be the next lesson for next time. So we’ll go over that next time. The reasons that you do things. All right. So if you want, you can get a little head start in your homework. If you have any questions for me, just let me know. But go ahead and get a little head start. We have just about a minute left. So maybe you can get some homework done, and have less tonight, okay? Sounds good? All right. Thank you very much. |
| 472 | KT: | That’s all for today. So say bye together. |

T: Every board says the same answer, Michael Jackson. Very good.

Who’s she, this time? A ha~ 19 개월 때, 19 개월 때 [At the age of 19 months, at the age of 19 months] she couldn’t see. At the age of 6, she helped the blind. People can’t see, can’t hear. Very good. She must be a brave person. Okay. One three. One, two. Boards up.

Ss: (Students are raising their boards.)

T: Very good. Very good. The answer. (Showing another picture on the screen) Good job, everyone. Two, three, four, five, six (Putting magnets for the points on the board) the last question. Question 5. The easiest one.

Look. Who is she? 1866, 1882, 1902, 1943. The numbers are very familiar with us. Who is she? One, one, two, three. Boards up. Boards up. So that I can check.

Ss: (Students are raising their boards.)

T: I think you know you should know who this person is. She is Beatrix Potter. (Showing the picture on the screen) Very good. Good job. One two five six. (For the points) So group 1, 2, 3, 4, 5. They are taking the lead.

T: Congratulations. You have fun? I’m so happy you enjoyed it. Maybe it reminds me to today’s objective. [한장님] Captain, do you remember mission number 1? 오늘 네가 해야 할 일이 뭐더라? [What is today’s mission?] Mission number 1? We can. 몸라? [Don’t you know?]

T: Understand Beatrix Potter’s biography.

T: So, we are going to read the text, right now. So, this lesson’s about Beatrix Potter. It’s kind of biography. You know biography. What does that mean?

T: 전기, 전기. [Biography, biography.] So what’s biographies are describe?

T: According to the time. In a biography, you can find many time markers.

T: Time markers such as in 1886, in 1882, in 1902, da da da (Pointing out cards on the whiteboard.). Or when she was 6, at the age of six, six years later, what else, until 6, da da da (Writing them on the whiteboard.). These time markers, 시간을 나타낼 수 있는 말들 [words to express the time] are really important to describe someone’s life, right? So, when you read this time, please pay attention to this time markers. 이번에 같이 잊으실 때는 요 타임마크에다가 focus on 해주시기 바랍니다. [Please focus on this time mark when you read this time. (8:24) I give each group a text, it’s a part of Beatrix Potter’s biography. Beatrix Potter의 전기를 according to the time order, 6 동분을 했어요. 6 분의 1 을 갖게 되시겠죠. 그룹별로. [I divided Beatrix Potter’s biography into 6 parts, according to the time order. You are supposed to have a sixth in each group.] So you read this text with your group members and pay attention to the time markers and organise the text. Mind map the text.

T: Like this (Sliding the layered whiteboard to show another one having a PowerPoint screen). My group has this. Readings (Reading the example she prepare.). 1905. In 1905, Beatrix was engaged to Norman. (Writing “in 1905” on the whiteboard which was being used for a PowerPoint screen.)

T: Engage. 중사하다. [to be involved] Any other meaning (Writing “engaged to Norman”)? Before getting married, 약혼하다. [to get engaged] She was engaged to Norman. Norman was a publisher. 출판사집 막내아들. [the youngest son of a publisher] He understood Beatrix. And he helped her make books. No (Writing ‘No’ on the board.). But Beatrix’s parents said
no, because Norman was a tradesman. He is a businessman, salesman. Norman died soon (Writing them on the board.). Unluckily, Norman died soon. He didn’t live long because of illness. So his death made Beatrix so sad. (10:06) See? Each group will be given a text. So read a text with the group members and organise the text on the board. You have 5 minutes. Okay? Hmm. Student A, what will you do now?

What"re we going to do? (The Student can’t answer.) Hmm…organise, mind map, work with the group members, okay? Here we go. Let’s get started.

10:38 (Teacher is distributing handouts.)

T: Two pages. You make a picture. Same one. Mind map.

Ss: (Students are doing their group working and the teacher is monitoring.)

T: Maybe one minute left.

What does it mean by remind?

What is the meaning of remind? It, the movie reminds us. It reminds us that Beatrix ... A writer was a good writer. A nature protector. It reminds us that she was a nature protector. Very good. Okay, guys.

Okay, guys. (Stapling altogether the coloured papers of the summary from each group) We read Beatrix Potter's biography. Do you understand her story much much better?

Yes.

And we made a book about her. Look. Take a look. It's lovely, isn't it?

Picture is very good.

Okay, guys. (Review) Okay. I think reading biography is really great. It helps you think about your life. We have lived long though. Even though you are very young. But these expression real help you to tell someone, help you to tell someone about your life.

For example, I was born in 1966. I was raised in a city, in a countryside with my cousins by my grandparents. Your childhood. I am cheerful. I'm friendly. I'm sociable. I'm shy, quiet. Your character.

What kind of person you are. I have two sisters, brother, cats. What else do I have? Many cousins, grandparents. Things you have. I'm good at playing the piano, playing soccer, reading books. What else you are good at?

Soccer. Baseball game.

Good. Things you are good at. And your future. I want to be a piano player, soccer player, musical star, singer, entertainer, rich and famous. Ta da da. These expressions are very simple but you can express your own story to others. Yoonseok, want to try?

Yeah.

Come on. So, would you tell us the story of your life?

I was born in Seoul. So I was raised in a city. I'm quiet and I have one elder brother. I am good at playing the flute. I want to be a professor in the future.

Wow, flute? Playing the flute?

Yes.

S: I was born in Incheon. I was raised…

KT: 오늘 할로윈에 대해서 이야기해볼께요. [We're going to talk about Halloween today.]
(He turned on the TV screen to show PowerPoint materials saying ‘Happy Halloween!’.)
NS: I have some worksheets for you. You’ll have pencils and pens. And just pencils. (Teachers hand out the worksheets.) Okay. Does everyone have a paper?
KT: 다 받았죠? [Does everyone have a paper?]
NS: Two more?
(Korean teacher comes to the students who do not have the worksheet, bringing two.)
Ss: Four.
KT: Four? 야~ [Wow] (She gets two more handouts to the students.)
NS: Okay. So before we start this lesson, I have a short video to show you.
Ss: Okay. Yeah.
NS: I think you’ll like it. It’s a Simpson video, short video maybe 1 minute long. Only English no Korean. I just want you to listen, listen and watch, listen and watch, okay? Because we will be talking about the video later.
KT: 이야기할 거니까 잘 들으세요. [Listen carefully since we will be talking about it.]
(Video starts.)
NS: Can you hear?
KT: 잘 들리죠? [Can you hear?]
(Video clip stops.)
NS: Okay. I want to stop it there. And we will be talking about that later. So what was happening in the video?
KT: 비디오에서 무슨 일이 일어났어요? [What happened in the video?]
Ss: Halloween.
NS: Very good. Okay. Halloween party. Halloween day party. Very good. So, let’s talk about Halloween. When is Halloween?
Ss: October….
NS: Okay, Yep.
KT: In a full sentence. 완전한 문장으로 해보세요. [Say it in a full sentence.]
NS: When is Halloween?
KT: 언제예요? [When?]
NS: Okay. Halloween is celebrated on October 31. Now on your worksheet, okay? On the worksheet.
KT: 가, 페이지에. [Now, on the worksheet.]
NS: You’ll see some sentences here in the power point. I want you to follow along and fill in the paper. If you finish the paper, at the end of class, maybe I’ll give you some Halloween candy.
KT: 잘못하면 수업 끝나고 캔디 있습니까. [You can get some candies when the class is over, if you do a good job.]
NS: So I want you to pay attention to the power point. So yes Halloween is celebrated on October 31.
KT: 10 월 31일이죠. 할로윈이죠. [Halloween day is October 31.]
(NS: Students are writing down on the worksheet.)
( powerpoint is used on the screen.)
NS: Halloween is a very old holiday. Can everyone say holiday?
Ss: Holiday.
NS: Okay. Halloween is an old holiday.
KT: 아주 오래된 할러데이입니다. [It is an old holiday.]
NS: What does that, what do I mean old holiday?

KT: 아주 오래된 할러데이입니다. [It is an old holiday.]
NS: At first, what are some other holidays that you know?
KT: 여러분이 알고 또 다른 할러데이? [What are some other holidays you know?]
Ss: Christmas.
Ss: Thanksgiving Day.
NS: Thanksgiving Day. What about Korean holidays?
Ss: 추석 [Chuseok]
NS: Okay. Chuseok
Ss: 설날 [Seollal]
NS: Okay. Seollal, okay.

NS: And what’s another very old holiday? How about Chuseok? Chuseok is an old holiday.
Ss: Ireland and England
KT: 2000 년 그 당시에는 신년에 언제였어요? [When was New Year’s Day 2000 years ago?]
NS: November first.
KT: November 1, 11 월 1 일에 새해였어요. 언제? 2000 년 전에. [November 1st was New Year’s Day. When? 2000 years ago.]
Ss: January 1st.
NS: January 1st. Yes. January 1st in America. What about Korean New Year’s Day?
NS: Okay, yeah, it’s different. Maybe January or February.
148  KT: 1 월일 수 있고 2 월일 수 있죠. 우리 구정 말하고 있어요. 지금.  
[January or February. We’re talking about lunar day now.]
150  NS: So 2000 years ago, people believed in evil spirits and ghosts. Evil spirit. You can see the picture.
152  KT: 악마의 영혼입니다. 악마의 영혼. 귀신들이 있다고 믿었죠? [Evil spirit. Evil spirit. They believed there were ghosts.]
154  NS: They believed that on New Year’s Day the ghosts and evil spirit will come and steal the food.
156  (On the screen, ‘People would start large fires and wear masks to scare away the evil spirits.’ are shown.)
158  KT: 귀신의 영혼과 악마가 와서 음식을 훔쳐갔죠? [Evil spirits and ghosts came and steal the food.]
160  NS: So the day before, the day before New Year’s Day, October 31st, Halloween Day, people would build big fires and wear masks. Wear masks to scare away to stop the evil spirits and the ghosts from stealing the food.
166  NS: Now today, Halloween is very different from this.
168  KT: 지금과는 완전히 틀리죠. 지금 언제 이야기 하고 있어요? [It is very different from now. When are we talking about?]
170  NS: 2000 년 전. [2000 years ago.]
172  KT 2000 년 전 할로윈 데이. [Halloween, 2000 years ago.]
174  NS: But some things are still the same. Some things are still the same like people still wear masks on Halloween.
176  KT: 지금 마스크 쓰는 것은 똑같아요. 할로윈 데이 때. [It is the same that they wear masks on Halloween.]
178  NS: But today Halloween is about having a fun time. Fun time and spooky time. Can you all say spooky?
180  KT Spooky. What’s meaning, spooky?
182  NS Do you know what spooky means?
184  KT: Spooky means. 지금 할로윈 하고 있잖아. 악마 악마의 영혼을 물리치기 위해서나는 무슨 뜻일까? Spooky. [We’re talking about Halloween. To scare away evil spirits, we said before. So what can it be? Spooky.]
186  S: 악마. [Devil]
188  NS: Okay, if something is spooky, it’s like scary.
190  KT Scary, Scary.
192  NS Scary and fun. Spooky. So Halloween, you have a fun and spooky time with your friends and family.
194  KT: 두렵거나, 즐겁거나. [Scary and fun] spooky. 두려운. [Spooky]
196  NS: And on Halloween today, people do many different activities. Fun things to do on Halloween. And that’s what we are going to look at now.
198  KT: 즐겁기 위해서 다른 활동들은 합니다. 오늘날에는. [Fun things to do these days]
200  NS: Okay, can you all read this?
202  KT: 읽어보세요. [Read them]
204  (Students are reading the sentence on the screen.)
206  NS: Okay. People go to pumpkin farms. What is a pumpkin farm?
Ss: 호박 [Pumpkin]
NS: Okay, yeah, in Korean pumpkin is 
Ss: 호박.  [Pumpkin]
NS: Pumpkin farms. (A photo of a pumpkin farm on the screen) People go to pumpkin farms and what do they do?
KT: 자, 뭐 할까? 호박 밭에 가서. [So what do they do? A the pumpkin farms]
(Some students are murmuring.)
Ss: 따요.  [Picking them.]
KT: 조금. [Louder]
NS: If you go to a pumpkin farm, why do you go there?
NS: People go there and they buy a pumpkin. They buy a pumpkin and they take it home to carve it. Can you all say, carve?
(Students are repeating)
KT: 조각하다. [To carve]
NS: Carve. Can you repeat after me? Carve.
Ss: (Repeating)
NS: Carve, okay. What is ‘carve’? Cutting, okay? Cutting. Here is a picture of a jack o’ lantern. When you carve a pumpkin, it becomes a jack o’ lantern. Everyone say jack o’ lantern. Jack o’ lantern.
KT: (‘Then take the pumpkins home to carve them into jack o’ lanterns.’ is written on the screen.)
NS: Everyone say jack o’ lantern. Jack o’ lantern.
Ss: (Students repeating)
NS: And I actually have a video to show you of how.
KT: 잭오랜턴 카브하는 방법 [How to carve Jack o’ lantern]
(Video played)
NS: What he’s now is carving. This is carving a pumpkin. Okay, so that is jack o’ lantern. And then you put a candle inside the jack o’ lantern and it lights up.
KT: 만들어서, 그 안에 캔들 넣어서 잭오랜턴 만들어요. [After doing it, put a candle to make the Jack o’ lantern]
NS: So that is one great famous Halloween activity. So one more time, can everyone say carving jack o’ lanterns?
(Students repeating)
NS: It is a very famous Halloween activity. Another one. Can you all read this?
NS: Okay. People will go to haunted, a haunted house.
KT: 자, 헌티드 하우스 할까? [Now, what’s haunted house?]
NS: Do you know what a haunted house is?
KT: 어떤 집일까요? 할로윈테이나. [What is a haunted house? It’s Halloween Day.]
NS: Okay, in Korea, you know Everland? And Lotte World? At Halloween time, they have a ghost house or we say haunted house. And with your friends, with your friends you go there and you see some scary things. It’s very fun. It’s like seeing scary movie, a horror movie.
They go to a haunted house and enjoy scary things with friends.

Okay, and probably the most famous Halloween activity. Can you all read this? (‘Children and adults will dress up in costumes.’ is shown on the screen.) (Students repeat it.)

Okay. Children and adults will dress up in costumes. Like this family here. What is their costume?

Ss: 심슨 [Simpson]

Okay, yes, the Simpsons. Homer and Marge in…

Ss: 캔디. [Candy]

NS: And I’m gonna show you another short video. One more short video of a neighbourhood in America with some children trick-or-treating, so you know kind of what it looks like.

KT: 이웃들과 함께 즐기는 trick or treating 비디오 보겠습니다. [A video of neighbourhood with trick or treating.]

NS: This is neighbourhood in America. You can see there are many people walking around. Kids in costumes.
KT: 복장을 입고 마을을 돌아다니면서 구경하죠? [They walk around in the neighbourhood in costumes.]

NS: Usually little kids. And two year old baby, 10-11 years old trick-or treating we looked at.

KT: 열살이나 열한 살. [Ten or eleven years old]

NS: Any questions? Questions about trick-or-treating?

Ss: No.

23:18 NS: Okay. Now, again on your paper, did anyone write down Halloween activities?

KT: 자, 여기 활동 하면서 다 쓰셨나요? 쓰어? 빈칸 있는 친구는 위나? [Now, have you filled all of them? What happened to those who still have blanks?]

Now, Okay. Hello, everyone. Thank you for your reaction. That’s what I want to. Yes, Okay. I mean is everyone here today? Yes, perfect. Let’s get started our class by reviewing what we learned last class, okay? We learned the definition of the debate, right? What is the debate? How can you the definition of the debate? It’s arguing. It’s fight. Yes. Fighting with logical thinking. Thought. Yes, your ideas. Yes. Debate is basically an argument between usually two parties like pros and cons, proposition and opposition and either for or against a motion. Motion means the statement, topic statement. Okay?

We learned key expression of debate. Number 1. Agreeing. When you want to say yes, how can you. (Key expressions of review are shown on the screen. Students read them altogether in almost all of the cases in this lesson, replying to the teacher’s questions.) I agree with you. Yes, I agree with you or Yes, exactly or yes, that’s true. Yes absolutely yes, right. I couldn’t agree more. Yes. Hmm, Yes. Thank you. And if you don’t agree with someone’s speech, yes I don’t agree with you. Yes. I’m sorry about I disagree with you. Okay, no thanks. I’m afraid that isn’t right. Or (suggesting contents through power point) How about expression of rebuttal? Rebuttal means 반론, 반박 [Rebuttal]. Yes. I see your point but something. Yes. Your idea is not realistic. Mm. Yes, it may be right but.

These are today’s objectives. By the end of this class you’ be able to. Why don’t you read aloud altogether? Number 1. Yes. Express your own ideas your own opinion. Whether you agree or disagree. Freely. And number 2. Yes participate in a role. I mean in a debate as in a role. You have a role like supporter, writer, speaker, staff and judging panel. You have a role so you can participate as your role. In order to achieve the first aim, the first goal. We’re going to have an activity name of Show your colour. Yeah, Okay. Thank you again. Where’s white? Anyway. How many colours do you have?

Three.

What are they?

Green, red, white

I mean the length. Length doesn’t matter. Short or long, it doesn’t matter. They answer my question freely. This is a kind of one way of your opinion freely okay? This could be your homework later. Really okay. Now, let’s move on to the activity 2 debate survival. Yes Today is the day. Okay? Now debate survival is a kind of game. Survival game. So we need to people who judges us. Right? So these are I mean they are judging panel. Why don’t you give them a big hand please? Did you get the paper that I gave you? The debate ballad so tell us the criteria to judge. Okay?

I agree with mixed-gender class. Because I think a purpose of school is make student stood up for society. Moreover the society needs person who has proper social skills such as cooperation or communication. So, we should get along with both genders. That is why I agree with mixed-gender class.

I agree with mixed-gender class. As you know, we can’t deal with women without experience. Also, according to research it is proved that the divorce rate on the people who graduate single gender class.

I agree with mixed gender class. The reason is that we could fill up shortage in our studies. Such as boys are good at math and science while girls are good at Korean and social. Therefore, mixed gender classes will beneficial to both genders.

I think coeducation may have many negative aspects. We can commonly think inconvenience caused to sexual difference every physical training and Taekwondo classes. We have to change our uniform. Definitely it brought inconvenience and the conflict between boys and girls. If we were in single gender classes we wouldn’t care about this problem. We are all free from that in single gender classes.

I disagree about that motion. Because first, our school’s boys and girls rate is not equal. Second, according to research about concentration. Single gender concentration is more than mixed gender class. Therefore, I agree about single gender class.

Then how about your opinion?

Do you agree with mixed gender classes in our school? Let’s debate!

Yes, let’s debate. Okay? (‘Debate survival introduction’ showed on screen) Now, how was the video clip? Yes, very good. Perfect. Yes. I think that issue is very controversial these days because this is you pro, I mean, your issue from next years.

So let’s debate. What is the motion today? (Board-motion: Do you agree with mixed-gender classes in our school? Objective 1. Express Opinion Freely 2. Participate In a debate) Do you agree with mixed-gender classes in our school? In our high school only. If you agree with that, in participation in proposition team. It’s okay? And if you disagree with that motion in participation in opposition team okay? So the captain please stand up.

And shake your hands. And please. Now let’s debate. I mean. Let’s get started. Before you started, I’m gonna, I’m going to give you this sheet. Please write speaker’s name and her main points. Okay? Pass this handout to the back. Are you guys ready? Now please listen carefully and write the main point, main arguments. So if you need any question just raise your hands after finishing the speaker say okay? And I have a question. Excuse me or more information whatever you want okay? Now let’s get started.

Round 1 opening statement main arguments

Hello I’m the captain of proposition team Na-young. Today we’re going to argue the idea that you do agree with mixed gender classes in our high school which applied to first graders. We believe that mixed gender class is beneficial to students for several reasons. First of all the most important thing is experience. Most of the school’s main purpose is to make their students successful in the society which was male and female both exist. So being in the class, we can develop our social skills.
Secondly, we can have ideal class atmosphere. For example, if a one boy point out a teacher then he will feel really shameful. While if a one girl really concentrate in class and get pressed to teacher then students remember her in that way. Then there is a good appearance to other sex It works at an educational way. Finally we can be… For example, a student can say other sex in both similar cases, most students will speak last abusive language like ‘sexual or scary words’ So in conclusion, there are a lot of beneficial in mixed class. For these reasons, I believe that mixed class can bring a good effect in our high school.

S: I’m Yu-ri and I’m the captain of the opposition team. We are against mix gender classes. There are several reasons why we are against it. First of all, you’ll be distracted in a mix gender class. We are teenagers. At our age, boys are the main topic of our conversation which means we are worrying about our appearances trying to look good for the opposite sex. And high school year is more important to keep up good grade. Second, you’ll find a greater bond is the same sex. We spend more time in school than we do at home. I think it is more important to feel this kind of relationship between friends such as fellowship, brotherhood, sisterhood, paternity and so on. Lastly, it’s proven that single gender schools are earned a great success and high standards than coeducational schools. Our school high school is coeducational school but if we keep boys and girls separated we’ll result in twice efficiency. Great success and high standard are vice versa …And also boys and girls learn in different paces. Boys are born to be more logical thinkers, and girls being born more creative thinkers. Problems and arguing more in two sexes.

T: Ten seconds to wrap it up. Okay. Single gender class cause you then have basic of social interaction. Thank you. Okay. Good job. Proposition team is so kind of relationship between boys and girls like improving social skills. And opposition emphasises the study, mainly study. They will be distracted when boys and girls are in the same class. If they are in a single gender class, the study result will be improved. Okay? Now, let’s move on to round 2. Rebuttal. Yeah.

S: Hello everyone. My name is Ye-rin. I’m on rebuttal on opposition and I’ll leave at proposition’s opinion.

First, the first statement was mix gender class develop social skill but when you go to university, we can take opportunity to accumulate social skill. In high school we should more focus on studying and develop social skill in same sex first. Okay, next. They mention ideal classes. They may be right.

S: Awareness good to make instructive class atmosphere. But however our study can be distracted because of too much awareness. Also shyness what they mention. Shyness can opposite effect like evading the other sex.

S: I have a question.

T: Okay. Do you have a question? Okay.
I believe that we can overcome shyness about the other sex in mix gender class. What do you think of that?

Oh. What she said means, you can overcome the effect in mix gender classes? I’m saying, but, the shyness is a factor of your statement. Can you understand what I mean? Overcoming shyness is contradiction. Finally, their final statement was that in mix gender classes make both gender purification. I think purification depend on people’s mind. So mix gender classes are not proper evidence of purification. Besides, there is no conviction that purification is maintained by the end. This was my rebuttal. Thank you for listening.

Hi I’m Kim Sora in proposition team and I rebut some part of opposition team’s opinion. First of all, your opinion is that we can feel greater bond to the same sex in the single gender class. But we think your argument is not clear because -----to the same sex can experience in mix gender class enough. And as you mention, it is different that the feeling from the same sex and from the other sex. This is the reason why we need to have the feeling from the other sex for the social reason.

Excuse me.

Yeah, okay.

You know we are immature teenagers. Relationship between the sex, love or curiosity. Finally that is a bad effect for our study. Don’t you think about this?

Furthermore, we are in school for the important purpose entering university. And this situation it is essential to make comfortable atmosphere but if we can’t get in this relationship, it can make bad impact our purpose. What do you think about that?

Hmm, good job. Entering university, the purpose of going high school.

You maybe right, but excessive curiosity to the same sex can limited by school works which bads making a couple and I think students can overcome that problem by entercounting that situation in mix gender class. Next you told us that we can’t concentrate on study in single gender class. I’ll not depute that point because our captain Na-young mention about that point and opposite statement. Finally you say that we can earn higher result of study in single gender class. We see your point but our topic is on our high school. As you know, in our school, the scores of boys are better than girls on most subjects. In this situation, it is impossible that bring up the scores in single gender class. If we turn to mix gender class, the whole scores, average would increase because

You mean average? Average.

Average. Because boys and girls will help each other.

So we turn into the mix gender class, it’s the way that makes a good scores in our schools.

Question?

We don’t have enough time. Time’s up.

Okay. Great. It was very interesting. Now let’s listen to the short evaluation from judging panel? Okay. Jina. How was the debate so far?

Very nice. Let’s talk about some of the things about your speeches.
First, I think opinions they ---was excellent start to a debate. But there is one thing to improve it is common reasons because these reasons are usually predictable and able to be prepared by the opposite.

Second we show good levels understanding what the argument. However this opinion is a little not ….some….fully maybe become next Sora you said we need to have the feeling But I couldn’t appear why we have to Reason why we need to. First participate effectly but some need to speak clearly and loudly. Totally speakers you must keep your time. However you’re good job.

S: (Opposition team presenter) Your opinion is mix gender class help us to develop the social skill. But there’s a reason why we should single gender class. In mix gender class, you might be aware of opposite sex, be shy about talking rude opportunity to express you own will. What do you think about that?

S: (Proposition team presenter) I think there are not opposite sex in a single gender class, so there what you have to hide for not to be a rude person and that, you have to, there are some rules that you have to keep between men and a women.

S: Excuse me?

T: Question?

S: Your conclusion is in mix gender class is girl are shyer on boys right? But they make your chance to overcome your shyness. Even we can solve this small problem, then how we can we express our opinion in society like a workplace. Tell me about your opinion.

T: Overcome, overcoming shyness.

S: (Proposition team presenter) I see your point. The, in mix gender class, we should practice, I mean, we should practice social skill in single gender class. Because we are high school girls and we are very sharp. So if we experience about a sense of shame in front of boys in mix gender class, it’s very difficult to recover this goal. Do you understand what I mean?

T: Mm. Okay, do you have a question?

S: School is called a little society. So, I think mix gender class were better.

S: We are not prisoners in school. We go hakwon, club activity, I mean not in school activity. And it is small society too. We could reads our social skill for opposite sex in this environment. How do you think about my opinion?

T: Not in school, in hagwon.

S: (Proposition team presenter) Seohyun said we’re supposed to be in school until 11:30 pm so it’s over…. and I think we don’t have enough time to do like those things. And here’s my, do you understand? Okay and here’s my question. The opinion with mix gender class is check study because of carrying on our appearances. We’re you know, we’re upper thirty percent. And I believe that we can control both of appearances and study. And what do you think about that?

S: Excuse me.

T: Oh, question? To? Okay.
S: Your opinion is that we can control ourselves but we are still just students. And we are scared for control ourselves. Do you think high school students can control themselves?

T: By themselves? Yes. Mm

S: Excuse me.

T: Oh,

S: That situation is not concurred only our school but also in extraordinary school like science high school or foreign language high school. But they choose mix gender classes. Why do they choose this form despite there have no advantages? What do you think about it?

T: Foreign language high school and science high school?

S: (Opposition team presenter) I have a friend who prepare to go to science high school last year and she told me that in that school I mean science high school a number of girls is very small. About maybe about 15 students. So they have to do mix gender class although they didn’t want to. And here is my question. Did you think the problem that can occur when we do mix gender class? Single gender class should exist for not only improving concentration on studies but also protecting girls. Your guys already know that boys are very curious about other sex in this time, I mean high school. It is impossible to deny this fact. So what do you think about that?

T: Okay. This could be your final answer.

S: (Opposition team presenter) Okay. I think single gender class is more dangerous than mix gender class because in mix gender class boys can solve, boys can solve curiosity of the girls and they will be more released. And but if you are in single gender class, they can’t meet in school and they will meet out the world and I think it’s more risky.

T: Okay, now. Okay. Go back to your original positions. This is round 4. Closing statement for opposition. Hyorin Why don’t you come here? And summarize your team’s argument. Okay. Go.

S: Hi, I’m Hyorin in opposition team. More and more schools are becoming coeducational but there seem to be a problem about whether boys and girls should be in the same class. After all, our team is against mix gender classes. There are several reasons why we are against it. First reason is that. We girls would be too self-conscious what the boys would think. So we are worrying about our parents think any how trying to look beautiful. This will take away studying time also if they become familiar terms maybe scandals. As time goes by it’s of the without pay attention to the teacher. Therefore when we are students, we need a single gender class to develop learning ability. Second reason is that. We will by the greater bonding to the same sex when we are in the same class, it’s easy to make friends to We can make friends who has various personality. It’s very important to feel this kind of relationship, the feeling from the same sex and the other sex are different. Lastly, it’s problem that the single gender schools are more efficient than coeducation school. It is faith on great success or higher school works or standard. When we are young, one is to be a totally exposed coeducated environment, but in high school years, one can be in single gender class because we then have …basic social interaction. Therefore our team is against mix gender classes. Thank you for listening.

Hi, I’m Dahee in proposition team. Now I’ll introduce our opinion. We believe that mix gender classes can cause good effect for our high school for 3 reason. The first reason is we can improve our social skill. When we go to school and ……school, we can experience our realistic life. Therefore we think experience can improve our social skill. And for the second reason is that we can make ideal atmosphere. Although we can have some negative effect, but I think we can cover that effective part for the 3 reason. I believe it. And final reason is that. Mix gender classes can make boys and girls purification themselves. As you know in single gender classes, we can -------anything but sometime we talk about strange subject, but in mix gender classes, we can relax this problem. For this reason, our conclusion is that, mix gender class can cause good effect in our high school. Thank you for listening.

I really enjoyed watching you. Most supporters participated in debates so actively, so I ----your energy and desire. It was very great. And I had a feeling that you tried audience to listen your speaking but all of you speak clearly to connect with your audience not only speaking louder but also using gesture and …points. And I hope that you approach the topic more …………only a few reason. However most speaker answer logically and calmly by using good examples.

It was good. And you summarised well your opinion, so we understood your point. I believe that all you were great speaker. Okay. Thank you. Wow good evaluation. Now we have a time to vote the winner today, so are you guys…Judging panel are you guy…? Okay. I’ll give you 20 second. 20 second. It’s enough. Okay. Now. You did a great job. I think you did a great job today. Most of the evaluation a judicator Seyong mention is just same as mine. So I mean I’m very happy. I’m very happy to watch you guys. And now are guys ready? Now can we count 3 to 1? Okay. All right. All right. Now let’s count 3 to 1.

The winner today is, yes proposition team. Yes, let’s give big hand please. Wow, the winner today is proposition team. The proposition team will have second match with the winner of the 1st class, I 8월 1반 [one one] next week, with different topic, different motion. Okay? So just be ready. Okay? Okay. Uh… now

Today winner team is proposition. Okay. Now this is a formative test. It is time to see whether you understood the debate overall clearly so I give you this formative test to the back. There are 5 questions. Am I right? Yeah 5 questions. We have an extra. Okay. The first question is this main for the team that proposes the motion, and …… In a debates. And second question is a …motion argues against the motion in a debates. And number 3 is still also spend sometime criticising, criticising the arguments presented by the other team. Other team.
And the question number 4 is what are the opinions of mix gender classes and the last one is what are the opinions of single gender classes, the opposition team. Okay. Finished? Okay. Let’s check, check out altogether. Oops. Yes. Okay. What is the answer number 1? This is the name for the team that proposes the motion and argues for it in a debate. And the winner today. Yes. Proposition. Proposition. Okay. Don’t cry. And now this is. This is name for the team that opposes the motion an argues against the motion. Yes. Opposition. And in debating each team will present points in favour of their case, they also spend some time criticising the arguments presented by the other team. So what is this? Yes. Rebuttal. Rebuttal.

Good. And the what are the opinions of the students for mix gender classes, the proposition arguments? Yes, social skills. Ideal classes, yes purification. Nice. What are the opinions of the single gender classes, oppositions? Yes, is this right? (Picking up convenience) Yes, distracted. Distracted means they cannot concentrate on their study or you know their purposes. Then how about second? It’s solidarity. Solidarity is bonding, each other fellowship brotherhood, sisterhood. 결속력 [Solidarity], okay? And the last argument is higher result on study. Okay. Good job.

Now please turn the, turn this formative test. There is a homework. Are you happy? No. no? Yes. Okay. Okay. Before we check the homework. Let’s review the aims again. The first one is, 1. Express opinions freely arguing for or against a motion. So we did by using colour right? So we show our opinions freely and we’ll going to write your answer, your opinion ideas on website letter. 2. Participate in a debate as a chosen role. So we did debate very good. Okay? Yes. Why don’t you give them a big hand a judging panel? Speakers and supporters two party and writer and photographers that made a video clip.

Yes this is homework. Write an essay. Please look at the other of a page. Do you agree or disagree with the statement and why. Please give two reasons to support your main arguments. The motion is isn’t necessary to modify to change school dress code like casual or 트레이닝복 아니면 [sweat suit or] or or or or school uniform okay? And visit to website and write your an opinion freely. The procedure…yes, yahoo.com. The procedure is written in the bottom of this page. Okay? Procedure. Process. The step. How to do it.

And next week we’re gonna have feedback time. That’s why we recorded today. So we’re write the video clip that we made today. And making a correction and have fun. Okay? Okay. Thank you for your comprehension, attention. See you guys next. Thank you. Thank you very much.
