/** ----- CHECK PROGRAM AND SET TO GRID-----
/** FILE NAME: CheckProgGrid.txt
/** AUTHOR OF THIS SCRIPT: RENEE SCHICKER
/** SCRIPT CREATED: 02 MARCH 2009
/** LAST UPDATED/MODIFIED: 24 FEBRUARY 2010
/**
/** PURPOSE: Save writing out this commonly used process over and over again in various
/** other scripts. It checks what program is currently in use in ARC workstation
/** (black box window) and sets it to GRID.
/**
/** SCRIPT USED IN: 03_DEM.txt 11_rain.txt
/** 12_Wghts_of_Ev.txt 12a_Wf_Combos.txt
/**
/** ..... HISTORY.....
/** 02 MARCH 2009 Decided to create a small individual script for this process rather
/** than write it out in its entirety ach time, which saves a bit of time in
/** writing code.
/** 9-10 MARCH 2009 Formatted listed everything and added descriptions and history.
/** 27 APRIL 2009 Checked for inconsistencies among all scripts and updated
/** information.
/** 24 FEBRUARY 2010 Updated, lists of scripts that use this script.
